

ESPI Definitions and Models Subgroup Meeting

December 8, 2010, 3 p.m., Provost's Conference Room (Strong 250)

Members and Staff Present:

Donna Ginther, Subgroup Chair; Julia Barnard; Leisha DeHart-Davis; Raquel Alexander; Brian Laird; Andrews Torrance; Paul Klute, staff.

Agenda

- 1) Discuss our charge
- 2) Propose any additional changes/modifications to charges
- 3) Discuss outline of the proposed survey

Discussion of charge

The group discussed the proposed subgroup charge. The discussion focused on better understanding the charge by asking for clarification by the chair and staff member. The discussion also included a brief overview of the charges to the other subgroups and how the work of the subgroups fit together.

The group identified examples of engaged scholarship at KU. A list of examples could further inform the subgroup's work in developing a survey and establishing a baseline of engaged scholarship. Such information will be compiled and shared with the subgroup and working group.

Survey outline

A member of the subgroup offered a survey outline for the subgroup to discuss. The group noted that it will be important for a survey to include KU's definition of engaged scholarship (currently being discussed by the Definitions and Models subgroup) on the survey. Members of the group mentioned that the survey should serve two purposes: 1) determine how engaged scholarship is viewed by KU faculty, and 2) take a snapshot of engaged scholarship that currently exists at KU.
