5. Developing a working set of Goals of General Education (75 min)
  - A. Reviewing and revising the KU General Education Goals
    - i. What is the essence of general education goals? What are we hoping to achieve by having such goals?
    - ii. Is the current rendering of general education goals complete and clear?
    - iii. Is it useful to have sub-headings for groups of goals?
  - B. Considering the objective of linking goals to a revised general education curriculum, how should our new goals be framed?
    - i. Should we consider options for “capstone” goals?
    - ii. Should each goal be multifaceted or can we generate briefly-stated critical goals that may have longer descriptors to explicate them more fully?
6. Next meeting—Discussion with Deans to gain a sense of buy-in and support?
